A school fee remission scheme has been established for families in need.

School fee remission is divided into "total remission," "three-fourths remission," and "half remission." Classroom air-conditioning fee \$300 has been included in the annual school fee.

Non-local students are defined as those who require a student visa to study in Hong Kong. According to EDB policy, non-local students are not eligible for the government subsidy. Non-local students are required to pay a school fee composed of "the regular school fee" and "an additional fee which is equal to the amount of government subsidy".

5. 政府一般於每年2月公布學生教育津貼每名補助金額。

Government announces the subsidy rate for each student usually in February every year.
